

Dr. Edward Farley, Jr. 
Juvenile Bristol Bay Sockeye
Salmon Ecology

Dr. Milo Adkison

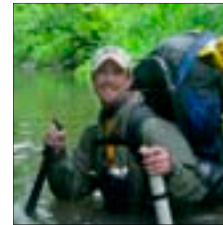

Mr. Sean Burril 
Feeding ecology and energy
density of juvenile Chum salmon,
Oncorhynchus keta, from
Kuskokwim Bay in Eastern
Alaska

Dr. Nicola Hillgruber

Mr. Derrek Faber 
Rising land falling fishery: the
effects of isostatic rebound and
rapid succession on East Alsek
River sockeye salmon

Dr. Milo Adkison

Mr. Peter-John Hulson 
Analysis and comparison of age-
structured assessment

Dr. Terrance Quinn II

Mr. Matthew Jones 
Delineation of Yakutat foreland
Coho salmon (*Oncorhynchus
kisutch*) stocks using otolith
chemistry

Drs. Nate Bickford &
Mark Wipfli

Ms. Mary Loewen 
Seasonal oceanographic
influences on Pacific Herring and
Walleye Pollock distribution and
abundance on nearshore
embargments of Kodiak Island,
Alaska

Dr. Robert Foy

Mr. Aaron Martin 
Response of Stream Biota to
Salmon Carcass Additions in
Newly Restored Fish Habitats in
Alaska

Dr. Mark Wipfli

Ms. Jacqueline Mitchell 
The effect of temperature on
circulating levels of methyl
farnesoate and ecdysteroid
hormones in female snow crab
Chionoecetes opilio, from the
Bering Sea

Dr. Sherry Tamone

Ms. Katie Palof 
Population genetic structure of
Alaskan Pacific ocean perch
(*Sebastes alutus*)

Dr. AJ Gharrett

Mr. Quinn Smith 
Spatial variation and evidence
for multiple transport pathways
for Dungeness crab *Cancer
magister* rate-stay larvae in
Southeastern Alaska

Dr. Ginny Eckert

Mr. Stan Triebenbach 
Compensatory growth following
winter food deprivation in
hatchery produced Coho and
Chinook salmon smolts

Dr. William Smoker

Mr. Kray Van Kirk 
A multispecies age-structured
assessment for the Gulf of
Alaska

Dr. Terrance Quinn II
