JOB TITLE: Assistant/Associate Professor in Chemical Oceanography

DEPARTMENT: Institute of Marine Science, School of Fisheries and Ocean Sciences
http://www.ims.uaf.edu

POSTING#: 0052236

GRADE: DOE, Competitive and commensurate with experience and qualifications.

STATUS: Tenure-track, full–time faculty. This is a 9-month appointment with additional 3 months contingent on extra-mural funding.

REVIEW DATE First Review November 6, 2006

CLOSE: OPEN UNTIL FILLED.

Typical Duties: This is a tenure-track faculty position with the Institute of Marine Science, School of Fisheries & Ocean Sciences (SFOS). The position will be located in Fairbanks, Alaska. SFOS is seeking a chemical oceanographer interested in inorganic or organic marine biogeochemical cycling with the ability to teach graduate-level courses in chemical oceanography and/or chemical oceanographic techniques. The successful applicant should demonstrate the ability to develop a program of research and teaching in Marine Science at the graduate level. Training and supervision of graduate students is an essential function. The successful applicant is expected to develop a vigorous, sea-going research program with significant extramural funding. Interest in marine science problems of the northern North Pacific Ocean and/or Arctic Ocean and the desire to engage in interdisciplinary marine research is essential. The successful applicant will be expected to provide public service, for example by serving on national and regional advisory panels.

Minimum Qualifications: Applicants must have a Ph.D. in chemical oceanography or related field from an accredited university by the time of hire. Must be proficient in English and have a strong research and publication record in chemical oceanography that is appropriate to their experience and date of degree.

You will be asked to attach a statement of interest, a CV, and contact information for three references. If you have questions, please contact Thomas Weingartner 907-474-7993 or weingart@ims.uaf.edu
