Transportation of Hazardous Materials--
Documentation of Designated Shippers

From: Institute or Department: _______________________________________

Dean or Director: _________________________________________________

Date: _____/____/_____ 

The following individuals have received the required training and, upon the
approval of the responsible environmental health and safety representative, have
been appointed as “Designated Shippers” to approve shipments containing
hazardous materials and to sign, or authorize in each case another to sign,
documents assuring compliance with federal regulations governing each shipment of
hazardous materials for our institute or department:
