The School of Fisheries and Ocean Sciences (SFOS) at the University of Alaska Fairbanks invites applications for a tenure-track, full-time faculty Assistant/Associate Professor of Fisheries (Biometrics). The University of Alaska Fairbanks embraces the distinction of being one of the few Land, Sea and Space Grant universities in the country. The position is within the SFOS Fisheries Division and will be located in beautiful Juneau, Alaska. Abundant recreational opportunities and high quality of life complement the thriving intellectual and artistic atmosphere in the region.

SFOS seeks a biometrician with the ability to teach undergraduate and graduate-level courses applicable to natural resources, such as: experimental design, spatial statistics, multivariate analysis, biostatistics, or time series analysis. The successful candidate should demonstrate the ability to develop a program of research and teaching in Fisheries Science at the graduate level. Training and supervision of Fisheries graduate students will be an essential function. The successful candidate will be expected to develop an active research program with significant extramural funding. The ability to interact professionally with biologists and managers in State and Federal agencies is also essential. The incumbent will be expected to provide public service, such as serving on advisory panels for public or private fishery organizations.

Qualified applicants must possess a Ph.D. in a quantitative field from an accredited university by the time of hire; must be proficient in English and have University-level teaching ability, preferably with graduate teaching experience; must have strong research and publication record in quantitative applications for natural resources that is appropriate to their experience and date of degree.

Application: To apply, please go to https://www.uakjobs.com and click on posting number 0052941. You will be asked to attach a statement of interest, a CV, and contact information for three references. If you need assistance, please contact UAF Human Resources at 907-474-7700. For any other questions about the position please contact Dr. Milo Adkison, Search Committee Chair, at 907-796-2056. Review of applications will begin April 9, 2007 and continue until the position is filled.

UAF is an AA/EO Employer and Educational Institution.
